Prison Me, No Way!

Last week, Form VI spent the day with the "Prison Me, No Way!" trainers and learnt not only what life in prison would be like but also what to do in the event of a fire and how to stay safe on Jersey's beaches. It was an extremely interesting day from which the children gained a huge amount. This photo shows some of the children squeezed into the mock prison cell - their faces say it all!

JSPCA Animal Masks

The JSPCA is celebrating its 150th Anniversary on 24th May. The children have been making animal masks, which Mr. Timothy will judge. The masks will be on display in the Entrance Hall, and the winning mask will be taken up to the Animal Shelter. Also on Thursday 24th, animal-themed cakes will be on sale for 30p. Thank you, in anticipation, for your support.

African Awareness Week

21st-25th May is African Awareness Week.

The children have been doing various Art and Craft activities and listening to African music. They will have an African-themed lunch during the week, and on the Friday we will be welcoming a group of African drummers and dancers into our Assembly. We know some families have lived in or visited Africa, and may have African items/souvenirs at home. We are hoping to create display in the Entrance Hall. If you have anything you would be prepared to loan for the week, we would be very grateful. A table will be set up on the Monday, with cards and pens for you to write what the item is, and where it came from. Many thanks, in anticipation, for your help.

Maritime Museum visit

On Thursday 17th May Form I will be paying a visit to the Maritime Museum to assist with their Pirate topic work.

Dandara Colour Run

Please see the following message from Mrs Mistry:

“The Colour Run is such an important event for Family Nursing & Home Care. Funds from last year's event have enabled us to recruit a Paediatric Palliative Care Worker. This provides care for children and their families where there is a diagnosis or recognition of a life limiting or life shortening condition. Nicola Waggott is currently in post and we are delighted that she will be attending and participating in the event.

Jersey has an increasing number of children suffering from chronic and acute conditions, requiring long term or intensive care. By extending the Community Paediatric Service in this way we have been able to reduce the stresses imposed on families caring for a child, therefore, families can maintain an independence lifestyle for as long as possible.

This year offers more paint, and a brand new competition – The Runner who raises the most sponsorship will win the opportunity to let off a fire hydrant full of powdered paint. The winner will be invited onto the stage at the end of the run and will cover the crowd with a blast of colour.

I am happy to help and support your fundraising ideas and can be contacted by phone or email as stated below. “
